Ottawa, May 23—Preservation has come at last and is as welcome as the flowers of May.

Early this morning it was agreed that a joint address of both Houses would be presented to the Gov. General at 10 o'clock. Preservation took place an hour later. The Commons had practically concluded its labors, but the Senate sat for a few hours during the morning and disposal of some Bills remaining from yesterday.

At 12 o'clock members of the Upper House began to re-assemble on the floor of the Red Chamber, after which His Excellency had been announced to arrive outside of the building. The Gov. General entered the chamber accompanied by his aides and suite and Lady Lansdowne. The farewell addresses of both Houses were read.

The Gov. General replied and heartily thanked the Senators and Members of the Commons for the generous terms in which they referred to him. He spoke in respectful terms of the death of Speaker Fitch and the late Mr. White.

The order of the House and made his appearance to stand on the Commons to the Senate, where Parliament was dismissed.

Everybody felt happy this morning and the House largely enjoyed the toast which Peter Mitchell gave the prospective cabinet ministers. He was very impartial in distributing his compliments and he received nearly every one in the Conservative benches then present, stepping out more especially Davis and Perley.

Mr. Davis had an interview with Sir John Macdonald in reference to the Regina & Langley Railway. The Government recognized the importance of completing the road to Prince Albert as promptly as possible, and assistance will be given it in time to enable it to construct the remainder of this year. It was proposed to guarantee the company the earnings of \$100,000 for a number of years.

Ottawa, May 23—Sir Charles Tupper is no longer a member of the Government. At a meeting of the Cabinet held this afternoon he was re-appointed High Commissioner for Canada in London, the Minister of Marine and Fisheries being appointed Minister of Finance. Sir Charles Tupper will resign his seat for the House of Commons.

Charles Tupper will resign his seat for the House of Commons. He is doing so will give an address to his constituents, setting forth the cause of his resignation. Daily, Davis and Macdonald are still here.

Winnipeg, May 24—The contract for completing the Red River Valley railway was awarded to Mr. J. D. Macdonald yesterday, at between \$250 and \$300 per mile.

Ottawa, May 24—A petition for the executive clemency, in the case of Gandy and Racette, the McLeish murderers, has been before the Privy Council. After full consideration it has been decided to recommend His Excellency to allow the law to take its course.

In committee on Senate amendments to the C. P. R. resolutions, the Hon. Mr. Thompson explained that the amendments were merely a recapitulation of sections of the Act. The amendments gave power to issue bonds or make a mortgage, as required by the Act. An other repealed the clause of the agreement in relation to the Emerson branch; and a third, in case the Parliament of Canada authorized a system of railways from Winnipeg to the American boundary, or from St. Boniface, the company shall have power to operate either of their two lines as they thought fit. A final amendment gave the right of appeal to the Supreme Court. The amendments passed.

Further in the morning, May 20—This town has been visited again by the fire. Over \$20,000 worth of property was destroyed this morning. The fire started in the old Marquette Flouring mill on Main street, and extended to the Lorne House block, and had it not been for the timely arrival of the fire engine, the whole of Main street would have been burned.

CHIT-CHAT LOCALS.

Entered by our Representatives.
Mayor Bain arrived back in town on Tuesday.
Montreal Lime-fruit Juice for sale at Medical Hall.
For Oranges, Lemons and Apples go to R. T. Goodfellow's.
Mr. J. Leacock held, D. L. S., arrived back in town on Monday.
Mr. T. J. Agnew is erecting a fine residence on the hill east of the barracks.
Messrs. Geo. Goodfellow, of Fort & La Corne, and Letellier, of the Forks, are in town.

The farmers have all finished seeding the flour grain and a great many are done with everything.
The rain on Wednesday and the heat of yesterday has brought the young leaves out on the trees to-day.

We believe the Nickel Academy building will be erected on the hill, on a line with and west of the Court House.
Mr. Bolanger, C. F. of the H. R. Co., Cumberland, arrived in town a few days ago, and left yesterday for Winnipeg.

The Qu'Appelle Progress is out this week with illustrations of the Town of Prince Albert and other scenes around it.
Capt. Craig and Mr. Jos. Peterson arrived on the stage this week. Mr. Peterson is a brother of our fellow townsman Mr. D. Peterson.

The Medicine Hat Times has advanced a step up the journalistic ladder, having made its appearance as a daily. We congratulate it on its enterprise and advancement.
Judge McGuire and family will leave for the east to-morrow. His Lordship will attend the Supreme Court en banc at Regina and will then go on to his former home in Kingston.

A front lot of pure drugs and chemicals has just arrived at T. E. Jackson's. Bachelors are talking about organizing very soon. We would like to see a ball club in town as well as the other games. There is lots of good material here for a first class nine if they would come together.

Mr. G. T. Brown was indefatigable in his endeavors to raise a large amount by subscriptions of small amounts among the operators at the concert on the 22nd, for the benefit of the band. He collected about \$75, which is a very large amount and goes to show that the band is highly appreciated.

A NOVA SCOTIA'S OPINION.
Robert C. Woodman, Digby, N. S., writes as follows:—Enclosed find \$1 for another bottle of Nasal Balm, which you will please send me by first mail. The bottle I sent for some time ago benefited me very much more than any other preparation I ever tried.

The work on the roads, which has now been going on for some time, and to which the amount granted to the town by one member, Mr. Hughes, has been applied is making good progress. The grading of the southern portion of Church street, to the Court House, is nearing completion, and will be a boon to those who have to travel that way as there will be no more danger of being mired. It is a first class job, and a credit to Mr. A. McBeth, who is in charge.

Now that the delegates have returned from Ottawa, a number of our citizens have crawled into their holes. How is this? Are they satisfied with the report of the delegates and with the result of the delegation? Ever since the delegates left Prince Albert they have been kicking and crying out against the folly of the mission and threatening all sorts of vengeance on their unhappy heads and were only waiting for the opportunity afforded by their return and a public meeting in order to extinguish the three gentlemen in question. The meeting has been held; the delegates attended and still survive. Will some one rise and explain. The delegate's report will be presented to our readers next week.
